

Isaac Ansha, MPT, BA Public Representative

Term: 2020-2023 (1st term)

Region: Capital

Biography

Isaac graduated from the University of Manitoba with his Bachelor of Arts-Advanced in Psychology in 2011. After graduation he continued his studies and earned his Masters of Physiotherapy in 2014.

Since graduation, Isaac has worked in the public and private health sector. He has had the opportunity to hone his skills in assessing, treating, optimizing function and promoting well-being in a variety of populations including geriatrics. This dedication to his field has led Isaac to obtain his Level 1 orthopaedic manual therapy, functional movement screen certificates, as well as start his own small business that provides mobile physiotherapy within the city.

After an accomplished high school and collegiate basketball career, Isaac had the privilege of briefly playing professional basketball overseas. Isaac's interest in physiotherapy developed during his time in athletics as physiotherapy was instrumental in his on-court performance, recovery from injury and general well-being.

Isaac believes that social workers are integral members of our health care system and local communities. His daily interactions with social workers, has reinforced his belief that the services they provide are paramount to improve social and psychological functioning of patients and family care givers.

Isaac's experience as a front-line worker can help bridge the gap between patient care to meaningful administrative policy. He looks forward to promoting the social work profession, while ensuring members are maintaining a standard of excellence. Isaac is proud to further service the public and bring broader community perspective to the Manitoba College of Social Workers policy decision making.
