

Social Worker Spotlight!

Jennifer Douglas, BSW, RSW

Jennifer Douglas is highly respected for her collaborative and innovative leadership approach in her practice with the Winnipeg School Division Adult English in the Additional Language (EAL) Program. Her commitment to intensive teamwork, her exceptional social work skills and her compassionate understanding of diverse cultural values, norms and experiences have enhanced the confidence, academic success and overall well-being of students and their families.

As the College was unable to host the annual Social Work Week reception last year, we welcome this opportunity to celebrate Jennifer, the quiet recipient of the 2020 Distinguished Service Award, as we launch our Social Worker Spotlight feature!

“My thanks to the College for recognizing the work of social workers. Like anything though, I could not have accomplished what I did without the involvement of my peers and co-workers. My heartfelt thanks to all of them too.” – Jennifer Douglas

Social Work is

Essential
