

Public Representative Compensation Policy

In order to reduce barriers to participation in the self-governing process, the Manitoba College of Social Workers will provide honoraria to public representatives participating as board members; or as committee members where legislated or where directed to act as public representatives by the Executive Director/Registrar or the Board of Directors.

Eligibility

Eligible public representatives will receive honoraria for participating in board or committee meetings. Eligible participants will be provided with \$200 for meetings over three (3) hours in length; or \$100 for meetings under three (3) hours in length.

Confirmation of hours of attendance by the Executive Director/Registrar and completion of the Honorarium Reimbursement form are required for reimbursement.

In the event of lost wages/use of vacation time for days held for a delayed or cancelled meeting, compensation will be considered at the above rates on a case-by-case basis.
