

Help MCSW Achieve Our Strategic Pillars - Your Anonymous Input Needed

As we work towards achieving our four strategic pillars - Regulation, Reconciliation, Equity, Diversity & Inclusion (EDI), and Public Awareness & Engagement - your input is crucial. We've launched an anonymous survey to ensure our action plan reflects the needs and experiences of social workers across Manitoba.

Why Your Participation Matters:

- Regulation: Help us enhance our regulatory practices to better support you
- Reconciliation: Share insights on implementing reconciliation in your work
- EDI: Inform our efforts to promote equity, diversity, and inclusion
- Public Awareness: Guide our strategies for elevating the profession's profile

Your anonymous feedback will directly shape how we approach these pillars over the next four years. The survey takes about 5-8 minutes and is being conducted by Indigenous Strategy Alliance to ensure confidentiality. Ready to contribute? [Click here](#)

Please share this link with your social work colleagues in Manitoba. The more voices we hear, the more comprehensive our action plan will be. Thank you for helping us build a stronger, more responsive MCSW. For any questions or concerns, please contact info@indigenouststrategy.com
